Early Years September 2021

Welcome to Nursery Hill Primary School

We are delighted that you have chosen Nursery Hill Primary School and are so excited to be able to welcome your child through our gates in September. We want to reassure you nothing matters more to us than your child walking into school with a big, confident smile on their face.

Here are some articles which have ideas for parents to help children get ready for Reception. (Scroll down to Things parents can do to help)

<https://www.bbc.co.uk/bitesize/collections/starting-primary-school/>

Here are some videos and a game for your child to watch to prepare them for starting Reception.

Next week we will be uploading a virtual tour of the early years setting onto our school webpage. We hope you will find it useful to start sharing this with your child so they can become familiar with their new environment. We will also be adding a Power Point presentation to the webpage that will hopefully answer some of the questions you may have.

To give your child the most settled and personalised start to school, we would usually offer the following to aid transition:

- Stay and Play/Story Time Sessions
- Pre-School Communication
- Individual Meetings with the Early Years Teacher
- An open afternoon for you and your child to visit the Early Years setting

In the next few weeks, our Early Years teacher will begin to make phone calls to yourselves to arrange a socially distanced meeting with you in school to discuss your child starting in Reception and answer any questions you may have.

We are continuing to follow Government guidance with regards to whether we are able to offer an open afternoon and stay and play sessions. A letter will be sent out regarding this in the next few weeks.

You will find a New Starter Pack within this envelope. When you have completed the forms, please call the school office on 02476 392318 to arrange an appointment to drop these off. At this appointment we will also need to take a photocopy of your child's birth certificate so please bring this with you also.

In the meantime, should you have any queries, please contact us on our advice email:- admin2001@welearn365.com

Please try not to worry too much about how our current circumstances may impact on your child starting school. Our team will be very sensitive to this when making plans for their provision when they start school.

Wishing all our new families the very best.

Ms J Clarke
Head of School
